

ADAPTING TO THE NEW NORMAL

Safety measures in SEG Residence

Crowd Control

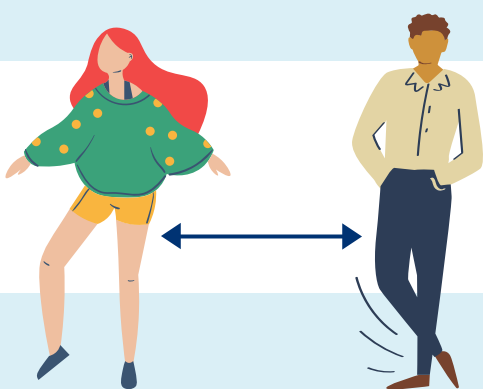

- The management office (depending on its respective size) will be restricted to only a certain number of guests at one time.
- In the event of group check-ins, pre-allocated time slots are given to students.

Safeguarding the Residence

- Frequent sanitising of high touch surfaces at Residence common areas.
- Students and parents/guardians are urged to wear face mask at all time upon entering the residence compound.
- Hand sanitizers are provided at the entrances and common areas.
- Temperature check will be done by security officer before entering the compound, along with digital registrations either on SELangkah application or google form.
- Students are advised to bring their own pen for any forms / registration purpose

Physical Distancing

- Common areas such as study areas, student lounge, cafeterias and other seating areas are arranged according to safe physical distances.
- All elevators and waiting areas are pre-marked with safety physical distancing.
- Our bedroom types adhered to MOHE's guideline of one-meter apart to ensure physical distancing in the same room
